### DEFINITIONS:

**Credit Transfer as per the Standards for RTO's 2015 Standard 3** - The College accepts and provides credit to learners for units of competency and/or modules (unless licensing or regulatory requirements prevent this) where these are evidenced by:

- a) AQF certification documentation issued by any other RTO or AQF authorised issuing organisation; or
- b) authenticated VET transcripts issued by the Registrar.

**Credit Transfer as per the Australian Qualifications Framework** - Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes between matched qualifications. This is underpinned by the AQF definition of credit as follows: Credit is the value assigned for the recognition of equivalence in content and learning outcomes between different types of learning and/or qualifications. Credit reduces the amount of learning required to achieve a qualification and may be through credit transfer, articulation, recognition of prior learning or advanced standing

**Visa compliance for onshore international students** - Onshore international students are required to complete their study within the expected program duration as per the ESOS Act 2000 (Cth) and enrol in a 100% load each semester (unless the College has approved a reduced study load). If you are granted credit transfer for a number of courses it may change your expected program duration and you will need to complete your program in the revised time frame as per your revised CoE.

### Note:

The College may decide to reject an application from a student on the following grounds:

- In the event that the VET transcripts issued by the Registrar cannot be authenticated
