22257VIC Certificate IV in EAL
(Employment/ Professional)
(CRICOS Code: 082392M)
(International Students)

Course Description
The course outcomes are designed for skilled, qualified and experienced workers who require high level speaking and listening, reading and writing skills in English, and literacy skills including digital literacy skills, to gain skilled jobs (such as various technical and IT jobs, in the medical or engineering professions), and for those seeking to access employment in specialised fields. Participants may have specialised knowledge and technical skills and need to develop a higher level of English language proficiency to successfully gain access to their field.

This course is also suitable for overseas trained health professionals who are seeking to practice their profession in Australia.

The course focuses on developing participants workplace English, communication skills and knowledge of practices in a technical and professional work environment in Australia. The vocational component of this course is designed to enhance participants awareness of an Australian work environment.

Duration
33 Weeks - Full Time Study
Pathways
Participants may pathway to vocational or other education or to further English language courses.

Mode of Study
The mode of study includes:
- Classroom based training
- Self-study during the duration of the course
